

MAUPERIER

A life of work and travels has been necessary for my husband and I to create a life to support and develop our family and beyond, our tribe.

All that was missing was to find a place where we could all meet, connect and share. A big crush made us put down our suitcases in the middle of an enchanting vineyard in Castillon-la-Bataille, on the right bank of the Dordogne. MAUPERIER has become our jewel !

A fabulous terroir, vines that were just waiting to be re-awoken, combined with the experience of newcomers to the tribe, and the result was not long in coming.

As Epicureans and wine lovers, we all roll up our sleeves in the search of quality in the respect of our children's Earth.

Today, come and join us to share fun, pleasure and good times.

Ana RUSSO, Winemaker, Optimist Entrepreneur
