### PRESENTATION

LA VIE DE CHATEAU is more than just an expression at MAUPERIER. It's our daily life made of precious moments: dawn in the vineyards, the bustling activity in the winery, laughter around the kitchen table.

This emblematic cuvée, our pride and joy, captures its entire essence. A wine that has established itself as a reference in Castillon, seducing the most demanding with its accomplished character. Each sip becomes a suspended moment, each tasting a celebration.

LA VIE DE CHATEAU, our art of living bottled!

### LOCATION

Les-Salles-de-Castillon, in the North-East of the Castillon - Côtes de Bordeaux appellation area. The parcels are located on the plateau, in the upper and middle part of the hillside. They are mostly exposed to the South and some parcels have a slight North exposure.

### TERROIR

Deep sandy-silty to sandy-silty soils, without coarse elements, becoming clayey in the subsoil, of Brunisols type, on Molasses du Fronsadais: carbonated sands and clays, dating from the lower Oligocene. These soils, quite draining on the surface, and the clays in the subsoil, ensure a moderate water supply, favorable to the elaboration of qualitative red wines. The plots are on a plateau at the top of the hillside, between 50 and 80 meters above sea level, with a dominant southern exposure. The slight slope allows a good lateral flow. This terroir is therefore favorable to Merlot. Its medium-late character makes it interesting in a context of climate change. These grape varieties have been planted on very qualitative rootstocks such as Riparia or 101-14.

### IN THE VINEYARD

The vineyard is in Organic Agriculture. The undersides of the rows are worked mechanically, and plant cover is installed 1 inter-row out of 2, the other inter-row being naturally grassed. They are maintained by mowing or mulching. The fertilisation is reasoned with the help of soil analysis and specific foliar analysis to balance the soil and the vines.

### WINEMAKING

Each plot is harvested at its optimum fruit intensity and tannin maturity. The grapes are destemmed and crushed before being vinified at moderate temperature to reveal and preserve the fruit aromas. The extraction is done gently at the beginning of fermentation to release the softest tannins.

### AGEING

The 18 months maturation is done at 90% in concrete tanks to preserve the maximum freshness of the fruit and the minerality and at 10% in barrels to bring depth and complexity.

AGEING POTENTIAL

5 to 10 years

TASTING

The wine has a ruby red color with cherry reflections. The nose opens with intense aromas of black fruits (blackcurrant, blackberry), ripe red fruits (cherry) with a nice finesse and complexity on greedy spices. The mouth is both dense and enveloping, with a beautiful tone and a long and exciting finish on melted and delicate tannins.

REVIEWS AND AWARDS

Or  
Challenge des Terroirs Gironde Or, 17/03/2023

88/100  
"A seductive, classically merlot nose that shows cherry and blackcurrant with whiffs of spice. Tender, with an unctuous texture and a warm, juicy finish. To be enjoyed for its perfect fruit flavours that emerge from a powerful body. A good wine whose well integrated tannins make this drinkable now or in a few years."  
La Tulipe Rouge 2024

"WINNER in the "Powerful and Astonishing" category"  
Palmarès Castillon, 25/03/2024
